Already survived two of the bloodiest sea-battles of the era: Camperdown and Copenhagen. In the process he won a share of the French Navy’s apogee of his profession, commanding frigates in the Baltic and on the Newfoundland station in the War of 1812. There, in

\[ \text{Frigate} \times \text{Baltic} \times \text{1812} = \text{Tragic Hero of Polar Navigation} \]

The Crimean War: British Grand Strategy Against Russia, 1853–56 (War, Armed Forces Society) already published by Manchester University Press. The book explores the nature of the Cold War from the British perspective, focusing on the strategic and political factors that shaped British policy towards Russia and the Soviet Union during the 1950s and 1960s. The author, a historian, presents a detailed analysis of the events and decisions that led to the outbreak of the Cold War and examines the role of the British government in shaping its course.

The book is divided into several chapters, each focusing on a specific aspect of the Cold War. The first chapter provides an overview of the historical context and the key players involved. The second chapter examines the early years of the Cold War, including the Cuban Missile Crisis and the Suez Crisis. The third chapter discusses the role of the British government in the Cold War, including its role in the arms race and its attempts to engage with the Soviet Union. The fourth chapter explores the British government’s response to the fall of the Berlin Wall and the end of the Cold War. The final chapter provides a conclusion and examines the legacy of the Cold War on global politics.

The book is intended for students and scholars of international relations and modern British history. It will also be of interest to anyone interested in the history of the Cold War and the role of the British government in shaping its course.

The book is available in both print and e-book formats and can be purchased through major online retailers such as Amazon and Barnes & Noble. It is also available for loan through university and public libraries.

The book is written in a clear and accessible style, with a strong emphasis on the use of primary sources and a detailed analysis of the events and decisions that shaped British policy towards Russia and the Soviet Union during the 1950s and 1960s. It is an essential resource for anyone interested in the history of the Cold War and the role of the British government in shaping its course.
