Muhammad, the prophet-founder of Islam, is one of the most influential and misunderstood figures of history. The religion he founded in mid-seventh century Arabia now has over 1.5 billion adherents worldwide, with followers divided into Shia and Sunni denominations.

This book, The Prophet Muhammad: His Life Based on the Quran and hadith, is the most comprehensive biography of the Prophet available in English. Written by a noted scholar and commentator on Arabic literature, a historian, and a member of the Institute of Ismaili Studies, it provides a balanced view of the man who, according to Islamic belief, is the prophet and messenger of God.

Muhammad's life is set against the backdrop of Arabia in the mid-seventh century, a period of upheaval and division. The Prophet's life is described in the Quran and hadith, which are the primary sources for Islamic biography. Muhammad's life is divided into three stages: his early years, his mission as a prophet, and his reign as a ruler of the Arab tribes.

The Prophet's early years are described in detail, including his marriage to Khadija, the conversion of his wife and many of her relatives to Islam, and his early preaching. The book also describes the Prophet's mission as a prophet, including the revelations of the Quran and his work to turn the disbelievers into believers. Finally, the book describes Muhammad's reign as a ruler of the Arab tribes, including his battles with the Quraysh and the establishment of the first Muslim community.

The book is written in a clear and readable style, with a focus on accuracy and detail. It includes many quotes from the Quran and hadith, as well as a glossary of key terms and a list of sources.

The book is an excellent introduction to the life and times of Muhammad, and a valuable resource for anyone interested in Islam and its founder.
The subject of the book is about the political analysis of the Prophet’s biography as a political conflict between any two adversaries, in order to know the political factors that governed the course of this conflict. Through this we succeed in drawing a good reader to the extent to which the Messenger of Allah peace be upon him and his opponents are counted politically at that time from the history of the conflict of Islam with his opponents.

The Man Who inspired the World’s Fastest-Growing Religion Muhammad presents a fascinating portrait of the founder of a religion that continues to change the course of world history. Named by Time magazine as one of the 100 most important innovators of the century, Tariq Ramadan is a leading Muslim scholar, with a large following especially among young European and American Muslims. Now, in his first book written for a wide audience, he offers a marvelous biography of the Prophet Muhammad, one that highlights the spiritual and ethical teachings of one of the most influential figures in human history. In the Footsteps of the Prophet is a fresh and perceptive look at Muhammad, capturing a life that was often eventful, gripping, and highly charged. Ramadan provides both an intimate portrait of a man who was shy, kind, but determined, as well as a dramatic chronicle of a leader who launched a great religion and inspired a vast empire. More important, Ramadan presents the main events of the Prophet’s life in a way that highlights his spiritual and ethical teachings. The book underscores the significance of the Prophet’s example for some of today’s most controversial issues, such as the treatment of the poor, the role of women, Islamic criminal punishments, war, racism, and relations with other religions. Selecting those facts and stories from which we can draw a profound and vivid spiritual picture, the author asks how can the Prophet’s life remain—or become again—an example, a model, and an inspiration? And how can Muslims move from formalism—a fixation on ritual—to a committed spiritual and social presence? In this thoughtful and engaging biography, Ramadan offers a Muslim understanding of Muhammad’s life and he introduces non-Muslims not just to the story of the Prophet, but to the spiritual and ethical riches of Islam.
